

Practice Packs for Advologix

Supercharge Advologix for your Practice Areas

SPECIFIC.
FLEXIBLE.
SECURE.

“Our firm was stuck in the technological dark ages. Making the switch to Practice Packs for Advologix was one of the best decisions we’ve ever made. We were able to do away with our legacy systems and have automated many of our business processes. We’re now much more organized and productivity has improved dramatically.”

WELCOME TO PRACTICE PACKS

ADVOLOGIX, BY PRACTICE AREA

Practice Packs extend the already powerful Advologix Matter Management to provide the automation, tracking and reporting needed for your specific practice areas.

IMPLEMENT FASTER

Practice Packs is built to get you up and running faster because we’ve done most of the work for you while still providing the flexibility to make it work the way you need

FLEXIBILITY

Enhance beyond what Practice Packs gives you by default to meet your firm’s specific needs. Configure workflows that fit your processes instead of being forced to have your processes fit the software.

100% CLOUD AND SECURE

No workstation upgrades needed, no need for powerful servers, and IT can focus on revenue enhancement. Being built on the Salesforce.com platform ensures the highest level of security you can get in the cloud.

ABOUT

Practice Packs significantly extend the functionality of Advologix for matter/case/practice management. For each practice area we have created powerful matter/case tracking, automation and workflows that make your team more productive, your clients more informed, and your business more profitable. Each “template” will get you off the ground running and yet is fully open to further customization to meet your unique firm needs.
